

# **Dolly's Directive**

Candy King, Tinkers Peace, Blunsdon Hill, Blunsdon. Wiltshire. SN26 8BZ

*A 'Duty of Care' is owed to anyone that permanently identifies their pet.  
This is currently not the case!*

**We request that all organizations coming into contact with dogs such as vets, police, rehoming centres, dog pounds and other animal welfare charities routinely scan for microchips, check for tattoos and other forms of identification, whether it be a new or an existing dog.**

**We request that this is made compulsory.**

**Just by carrying out these simple guidelines many missing dogs will be successfully reunited with their real owners.**
